according to
European Timber Regulation (EUTR)
PEFC™ Chain of Custody Standard
FSC® Chain of Custody Standard**

We, supplying wood-based material, declare that:

- to the best of our knowledge the supplied material does not originate from controversial sources
- we will provide our customers with information concerning:
 - product identification including trade name and product type
 - tree species included in the supplied material by common name and, if applicable, scientific name
 - country of harvest of the supplied material and, if applicable, the subnational region and/or concession of harvest
 - demonstration of compliance with legislation and activities as referred to in the definition of controversial sources (see list below)
- If any of the supplied material is considered "significant" risk:
 - we will provide information to identify the forest management unit(s) and the whole supply chain of the supplied material.
 - our customer is granted permission to carry out a second party or a third inspection of our operation as well as operations of previous suppliers in the chain.
