

**Declaration
according to
European Timber Regulation (EUTR)
PEFC™ Chain of Custody Standard
FSC® Chain of Custody Standard**

We, supplying wood-based material, declare that:

- to the best of our knowledge the supplied material does not originate from controversial sources
- we will provide our customers with information concerning:
 - product identification including trade name and product type
 - tree species included in the supplied material by common name and, if applicable, scientific name
 - country of harvest of the supplied material and, if applicable, the subnational region and/or concession of harvest
 - demonstration of compliance with legislation and activities as referred to in the definition of controversial sources (see list below)
- If any of the supplied material is considered "significant" risk:
 - we will provide information to identify the forest management unit(s) and the whole supply chain of the supplied material.
 - our customer is granted permission to carry out a second party or a third inspection of our operation as well as operations of previous suppliers in the chain.

Product identification (including trade name and product type)	Tree species	Tree species scientific name (if applicable)	Country/ region of harvest	Subnational region and/or concession of harvest (if applicable)	Forest certification scheme	Certification registration code	Certification expire date
